

STATE REPRESENTATIVE

BETH MEYERS

Representative Meyers wishes she could be here with all of you. Unfortunately, she has a Bayfield County Board Health Committee Meeting which she chairs and that is taking place as well tonight. She encourages you to contact her state legislative office at: 1-888-534-0074 or via email at Rep.Meyers@legis.wisconsin.gov regarding these detrimental cuts to the University of Wisconsin System and why the system, as well as UW-Superior specifically is so important to our region.
